This full day class is for Intermediate users of Painter IX. Meaning that the basics of knowing where brushes are and cloning methods are known. You do NOT need to be any kind of expert with Painter. I am planning on covering basics, but being an Intermediate class we will also cover the following:

Creating Variations in Brushes and Saving them

Brush Controls

Creating COLLAGES: the multi methods to doing this

Textures and when to use them and not to

Applying Papers

Output and finishing of images

INCLUDING Alternative Art Techniques such as Embossing on your Painter images and using transfers and other methods to create Multi Media artwork

Plus as always...pricing your artwork and marketing it!!

Sharing Rate for double: \$54.50 plus Tax

Sunday October 22nd: Arrival, Introductions, reviewing your own marketing plans and price lists and preparing for the location photography session the next day. Wine and Cheese Get Together and presentations by both Marilyn and Deanna to explore what we are going to achieve in this workshop.

Monday October 23rd: BREAKFAST, Deanna will first explain how she "takes the selling out of sales" by preselling her portraits. She will show the locations she has chosen to photograph in and why and how she intends to use them.

LUNCH: After lunch a short presentation in the conference room.

Rest of afternoon we will be photographing to create portraits that we will all work on together later in Photoshop and Painter. Bring all your photo equipment! Models will be provided.

Ideas explored and you will be able to create gorgeous finished samples by the end of the workshop.

DINNER out on our own. Not included, but we will go as a group.

Tuesday October 24th: BREAKFAST. Conference room presentation to process the images taken Monday and show how Marilyn and Deanna would process our images and what we do to create them in Photoshop. We will share our Photoshop secrets and our thought processes for both creating the beautiful portraits and also to SAVE images and how to make a mediocre shoot become spectacular.

LUNCH: After lunch the beginning of Painter and the smaller program, Painter Essentials 3. How to use both programs to create fast artistic results and simply stunning images.

As the sun sets before dinner, more photography outdoors as weather permits. This time we will explore light and shadows and how to create dramatic results and use the environment to your best advantage.

DINNER out on our own. Not included, but we will go as a group.

Wednesday October 25th: BREAKFAST. Conference room to process the images taken the day before. Deanna and Marilyn individually helping each one of you to create the best possible image from your choices.

Sales, Marketing and Inspiration Presentation by both Marilyn and Deanna. How we each work with our clients to get the best results. Although we are in different markets, we will show how we each work to get similar results.

LUNCH: After lunch Deanna will show how she would use Painter to create her own finished work. Simple techniques with big results. How to create and finish the large wall portrait from start to finish.

Marilyn will demonstrate some Alternative Art Techniques to finish your photography into true artwork that is worthy of charging higher prices. Transfers, embossing and other techniques will be demonstrated. Everyone will create one Alternative Art piece for a sample.

WEDNESDAY NIGHT: Dinner Banquet provided by Marilyn and Deanna at Vintage Villas. An evening of fun and good food and some surprises.

THURSDAY October 26th: BREAKFAST: After breakfast a last meeting in the Conference room to make sure each of you has your samples, your "game plan" and a complete plan of "action" to use all you learned in the few short days we had together. We will answer any other questions and help with any Photoshop and Painter problems, etc. CHECK OUT

Our last goodbyes.....until we meet again!!

The DIVAS Will Miss you!!!

FEE: \$1500 includes breakfasts, lunches and snacks, soft drinks, Wednesday night dinner and welcome wine and cheese party.

You must reserve your own room with Vintage Villas and are responsible to pay them directly for your room.

Breakfast is provided for all workshop participants even if they are NOT staying at Vintage Villas.

DIVA GIFT BAGS for everyone with goodies from Deanna and Marilyn.
